

Medicaid Covered Services

- This table contains general information about services by provider type. It is not a comprehensive list of services or prior authorization and PASSPORT requirements. For detailed information regarding prior authorization, PASSPORT approval, coverage, and cost sharing information, refer to the Medicaid billing manual for your provider type (e.g., *Physician Related Services*, *Hospital Outpatient Services*, etc.). Providers may verify PASSPORT and prior authorization requirements for specific services by contacting Provider Relations (see *Key Contacts*).
- Covered services are subject to change based on changes in funding, legislative action, and changes in administrative rules.
- When a client is enrolled in PASSPORT To Health, most services must be provided or approved by the PASSPORT provider. The following table shows whether clients need PASSPORT provider approval to visit a provider. Even though clients don't need PASSPORT approval to visit some providers, some of the services rendered by these providers may require PASSPORT approval.
